

Buyer Beware of Purchases made from Unauthorized Kanberra® Resellers

Kanberra® products are sold across the United States to a network of Kanberra Authorized Resellers. These resellers have been selected by Kanberra as the most qualified stores to represent our products to you. This network of resellers has been educated by Kanberra to offer the best possible product training, accurate product and promotional information, and appropriately represent Kanberra products both in their store and on their private, individual company websites. These authorized resellers receive, store, and ship products in a manner recommended by Kanberra to avoid damage to the product ultimately received by the customer. Unfortunately for customers, Kanberra products are, at times, advertised and sold by companies that are not authorized. Kanberra products obtained by these companies are not purchased from Kanberra, but may instead be obtained through a secondary “gray” market. These goods could possibly be defective, damaged, “B” stock goods, counterfeit products, or even stolen goods. Kanberra strongly urges consumers to only purchase from Kanberra Authorized Resellers. Please visit <http://kanberragel.com/locations/> to view a list of authorized resellers, or call us at 1-800-683-0021. ***Please Note: Any Kanberra product purchased from an unauthorized Kanberra reseller is not eligible for return or benefits of purchasing from an authorized reseller.***
